Learning: Our Curriculum:

The Curriculum is what we want the children to learn whilst at Happy Days Day Nursery. The Curriculum is based on the EYFS (early years Foundation Stage) which is a framework that we build on through the 7 areas of learning. The EYFS sets standards for the learning, development and care of the children. Through our curriculum we provide activities, play opportunities and teaching experiences to extend the children's knowledge to learn, develop and thrive. For more information please visit: [Development Matters - Non-statutory curriculum guidance for the early years foundation stage \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/362874/Development_Matters_-_Non-statutory_curriculum_guidance_for_the_early_years_foundation_stage.pdf)

Caterpillar room – if you would like any ideas with activities on how to support your babies development at home, please let us know and we can support you with this.

Children's belongings:

Please can parents ensure the children's belongings are labelled with their name to prevent a mix up of items, the nursery will not be responsible for loss of unnamed items.

Please can we also ask you to provide slippers or plimsoles in case the fire alarm rings, and we need to exit the nursery quickly.

In winter please can we have winter clothing/puddle suits so the children can access the garden in all weathers.

Family photos

If you have not provided nursery with a family photo, please could we ask that one could be emailed to nursery to display in the room, this is a great focus for the children to discuss with their peers and have familiar adults around for the babies. This supports their PSED development, providing them with a sense of belonging and can offer comfort to them throughout the day if needed.

Parents facebook: [Happy days day nursery Private parents' page: | Facebook](#)

We have a private parents Facebook page up. This page will be private and only our nursery parents will be accepted to join. We use the page to put messages to parents and update regularly with photos of the children taking part in activities. Please see link above to join.

Tapestry: Parent partnership – Importance:

Please can I ask parents if they are not logged in or signed up to Tapestry to email nursery so we can resolve this. You will then be able to access any important messages or see what the children have eaten for the day. Tapestry is an important tool to work in partnership with parents, we would like parents to share photos of what their Child has been doing at home or new 'wow' moments. It is important that Parent and keyperson

work in Partnership and share information to support their Child's development to provide them with the best possible outcomes.
